DETAILED ACTION

Election/Restrictions

1. Claims 2-32 are allowable. The restriction requirement between species, as set forth in the Office action mailed on June 27, 2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 25-29, directed to a different species no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

2. Claims 2-32 are allowed over the prior art.
3. The following is an examiner's statement of reasons for allowance: regarding claim 4, the primary reason for the allowance of the claim is due amending the claim to an independent form base on the reason for allowance of the claim presented in the Office Action mailed on

Art Unit: 2829

September 26, 2006. Since claims 2-3 and 5-32 depend from claim 4, they also have allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
